

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Assalamualaikum Warahmatullahi Wabarakatuh and greetings.

With great pride and honour, I present this coffee table book on the wonders of Pulau Tuba, Langkawi. The book is a testament to our commitment to sustainable development goals and unwavering support for conserving our planet's natural resources and cultural heritage.

UiTM has always been at the forefront of promoting sustainable development through research, education, and community engagement. We recognise the gravity of preserving our natural and cultural heritage for future generations, and this coffee table book is an excellent approach to raising awareness of the importance of protecting Pulau Tuba's unique biodiversity and cultural significance.

The book showcases the stunning beauty of Pulau Tuba, Langkawi, and its magnitude in the ecological and cultural balance of the region. It also highlights the importance of sustainable tourism and responsible resource management, which are crucial to our sustainability commitment.

We are deeply humbled by the strong support given throughout the development of this coffee table book. We extend our immense gratitude to the authors, photographers, and contributors who worked tirelessly to complete the book, and not forgetting the local community of Pulau Tuba, Langkawi, for their invaluable assistance and participation in this project. It is imperative to underscore that UiTM remains committed to working with the local community and its partners towards a sustainable future for Pulau Tuba, Langkawi, and beyond.

May this coffee table book inspire our readers to become more aware of the importance of sustainable development goals and take necessary actions to safeguard the earth for the next generation.
